Job Title: - **Information System Specialist**

Company: - **MSF**

Job ID: - **MSF-837**

Place: - **Kabul**

Dear [Mr./Madam]

This email is in regard to my interest in applying for the [Information Systems Specialist] recently posted on [Job Postal]. With my skill-set and competencies, I am more than able to investigate several IT Vendors Technical Configuration and monitor ICT Vendors for multiple purpose of companies.

I pursued a B.Tech Degree in Computer Science and Engineering and one Year English Diploma from DKNMU University India Rajasthan and I am doing MCA from IGNOU University India. I have developed skills in reverse engineering, computer Skills, and network Administration, Internet Solution, Data Entry, Data management and all Network Devices Configuration. This knowledge has enabled me to operate in Windows and Linux platforms and master multiple security principles.

I started my career as an Information Technology /Data Officer with CADG in June 2010. Working under the direction of senior members, I monitored the overall IT and Network System as well Data Management. Using my experience and professional knowledge, I started as IT Assistant with CCNP, to gain more experience then I started work with Khost Education Department as HRMIS/Personal database Officer One year.

Currently from last three years I am working as IT Officer with Afghan Telecom that providing internet services throughout the country. Here I gained an opportunity to work as IT expert and gaming all internet devices. Plus: Currently I am CCNA [CSCO13622887] and MCSA [IIHT2017] Certify.

I have attached my resume highlighting my academic and professional skills, and I look forward to hearing from you in due course.

Yours sincerely,
Mohammad Nabi Hemat
